

light up your festive events!

with **The OakMobile** and **The Whale**

talking birds

The OakMobile

Come inside Talking Birds' magical OakMobile for a story guaranteed to get you into the festive spirit!

**"When I stepped into the OakMobile
I became 7½ years old"**

Visitor (aged 53)

"A magical moment for me and my family"

Visitor

**"Wheelchair access for my son was good and
the multisensory experience for an autistic
child was great"**

Visitor

The OakMobile – big sibling to our famous Whale – accommodates 7 people at a time in its cosy interior to experience a multi-sensory festive story, celebrating light and renewal. The show is repeated every 10 mins for upto 5 hours/day.

Fun for all ages, ramp accessible and weather-resilient and can continue in all but the most severe atmospheric conditions!

The Whale

The Whale is iconic and has been enjoyed by tens of thousands of visitors at festivals and on high streets across the land. We guarantee audiences will leave smiling (and with a small gift)! Small/family groups go inside to meet sailor Joan/Jonah – show repeats every 5 mins for upto 5 hours/day.

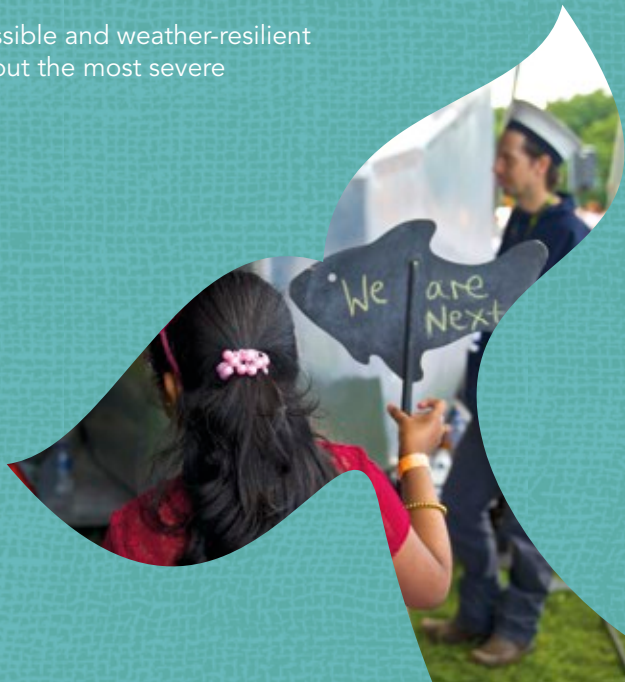

"It was unknown territory for our audiences to take a chance on that type of performance, something we had not really tried before, so I was blown away to have such a brilliant outcome."

Promoter

"The Whale is a fantastic adventure for children and their grown ups. Really accessible and adaptable for those who might be a little hesitant at stepping into the mouth of a giant tin whale."

Promoter

For all ages, ramp accessible and weather-resilient and can continue in all but the most severe atmospheric conditions!
